

Lambertville Station Wine Cellar and Restaurant Wine Selections

Welcome to our wine list, an offering of wines that we believe are worth the effort to seek out and purchase. While the wine selections offered are accented by American, French and Italian producers we have included selections from other favorite regions around the globe.

Many of the wineries on the list represent boutique productions made by true artisans whose intention is to make balanced, food worthy wines. These are wines that speak of their origins and all of them represent great value relative to their price.

We are happy to provide advice and direction when tackling new regions or adventurous styles, and we enjoy developing food and wine pairing recommendations from our menu for you. Feel encouraged discovering your own pairings, and to watch and participate in a wine program that will grow in the years to come.

We invite you to relax and explore wine and Tapas food pairings in our Wine Cellar in the lower level. There you will have the opportunity to choose from a wide selection of artisan crafted wines that you can enjoy here in front of the fireplace or purchase from our retail list to enjoy at home.

We strive to offer a clever combination of hard to find wines and everyday favorites that aren't normally offered by the glass.

Our house glassware is oversized which will give you the ability to taste the wine at its best. All bottles are served at the proper temperature because of the care in which we store them. We also use the vacuum Vinfinity Wine Preservation System to ensure every glass of wine is at its best from the bottle.
